The roles
of the family doctor
in the primary health
care team

**WHY ATTEND THE WORLD'S
LEADING CONFERENCE
FOR FAMILY DOCTORS
— WONCA WORLD 2027?**

www.woncaworld2027.org

ACCESS THE LATEST RESEARCH AND INNOVATIONS

- Gain access to up-to-date research, clinical insights, and innovative models of care that are redefining the role of family doctors within primary care teams.
- Engage in discussions on current challenges with leading experts and draw inspiration from best practices around the globe.

NETWORKING WITH A GLOBAL COMMUNITY

- Meet colleagues from over 150 countries and expand your professional network.
- Establish new international partnerships — from collaborative research projects to educational initiatives in family medicine.

PROFESSIONAL DEVELOPMENT & SKILLS BUILDING

- Participate in workshops and expert-led sessions offering practical skills and tools for everyday clinical practice.
- Explore strategies for effective collaboration between family doctors, nurses, community workers, and other healthcare professionals within primary care.

EXPERIENCE CAPE TOWN — A UNIQUE HOST CITY

- A remarkable fusion of professional learning and cultural discovery: nature, ocean, heritage, and warm African hospitality.

CONTRIBUTE TO A SHARED VISION OF PRIMARY CARE

- Be part of shaping the future of family medicine by sharing your knowledge, research, and clinical experience.
- Inspire and be inspired: contribute to a global movement that values collaboration, innovation, and a shared mission to improve lives.
